

Our high quality metal tooth cable ties are available in black and come packed in 100's. The stainless steel tooth locks the tie in the required position without the need for serration in the strap, adding tensile strength and making the cable ties stay flexible at low temperatures.

This product has the certifications below:

Colours Available:

■ Black

Material Specification:

- Material: Nylon 6,6
- Tooth Material: Stainless Steel
- Flammability Rating: UL94-V2
- Working Temperature: -40°C to +60°C

**Our Metal Tooth Cable Ties are RoHS compliant, Low Smoke Generating & Zero Halogen**

Strength Specification:

*Our metal tooth cable ties comply with the tensile strengths below:*

- 2.5mm Wide Cable Ties – 18kg
- 3.5mm Wide Cable Ties – 28kg
- 4.5mm Wide Cable Ties – 40kg
- 7.5mm Wide Cable Ties – 60kg
