

DATA, INSIGHT & ACCURACY DELIVERED TO YOUR DOORSTEP

aboutGOLF®

INTRODUCING aG TRAINER

aG Trainer delivers the most accurate swing data money can buy. Install your own affordable indoor training center to play golf any time, any place, and any season. aG Trainer is ideal for both coaches and avid golfers looking to level up their game with data and accuracy without the distractions.

aG Trainer comes with a one-year subscription to aG Trainer, packed with training aids and the world's best courses. It's also equipped with the powerful 3Trak® system, our three-dimensional camera and tracking system, and a high-performance laptop optimized for calculating insights from thousands of data points.

Our machine vision technology extracts precise club and ball data from dozens of images per swing—regardless of speed, spin, or launch angle. The result is the most accurate swing data money can buy. If you want the most precise measurements with minimal frills, aG Trainer is for you!

FOR GOLFERS

aG Trainer enables golfers of any skill level to play and improve their game anytime and any season by bringing the game indoors.

FOR COACHES

aG Trainer provides coaches a way to deliver a new dimension of data, insight, and credibility to their coaching practice with an indoor solution that fits in a compact space.
