## Why MaLurra?

Our products have been designed keeping high functionality and great design in mind.

Our palm collection is made of only palm leaves, water and heat. No trees are harvested or felled for this process. It is 100% natural.

## About Us

**MaLurra** Palm leaf collection is 100% natural and has no chemicals, waxes, dyes or additives. Our entire collection is responsibly sourced, manufactured and distributed.

Our Palm leaf collection is bio-degradable in the soil within 60 days of disposal; and helps with fertility of the soil.

We love the world we live in and want to protect it for future generations to come. Our aim is to educate people and provide alternate solutions to plastic, paper and styrofoam.

We take pride in being part of a solution that promotes sustainability across the globe.

## **Strong and Durable**

Our Products are heat proof, water proof, and leak proof making them suitable for both hot and cold foods.

## Ethically Sourced

Our Products are made from dry fronds that shed naturally from palm trees. No trees are cut, felled or harvested in the process.

## 100% Compostable

Palm leaves, heat, water and pressure is our magic formula making it a 100% compostable.

## When you Choose Malurra, You Choose a Cleaner Environment

Positive impact on the environment is the top driver to use **MaLurra** Dinnerware. When disposed, these products do not waste for years like paper or plastic, they go back to the earth in 60 days leaving minimal traces.

### Nil toxins

**MaLurra** products are manufactured using eco-friendly sustainable practices, which means no toxins are used in the process or in the final product. Hence, you reduce the amount of toxins you come in contact with

### Stronger Than Paper

**MaLurra** products are eco-friendly, better than plastic and stronger than paper plates

### No Clean-Up

**MaLurra** products do not need washing after use. You can just add the plates to compost bin or compost pile
