

Flower Mosaic

WHAT TO EXPECT?

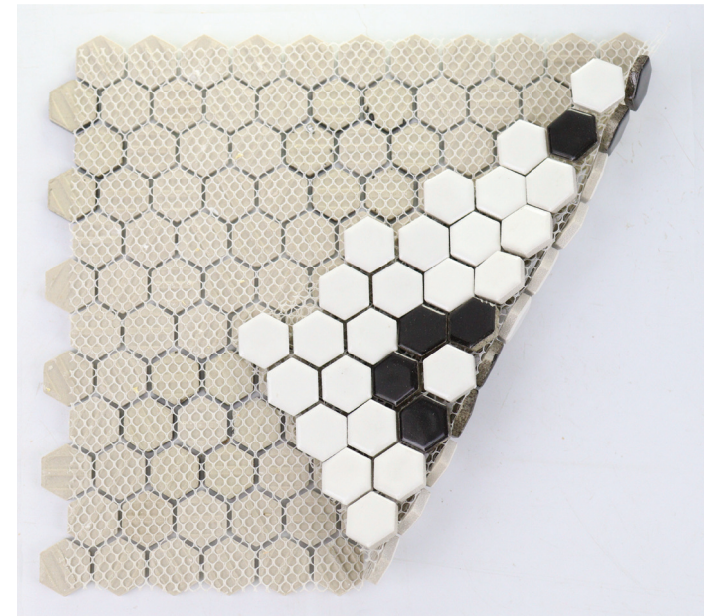

The elements presented below are common characteristics in some of the flower Mosaics, those are subject to variations in color, shade, size, surface texture and finish. Prior to installation, installer must blend tiles from several different boxes to achieve an even distribution of color range.

Each Flower Mosaic piece has about 144 small porcelain pieces and 0.83 Sq. feet per sheet

Each piece is glued and lined up separately, supported by a thin layer that keeps all the tiles lined up and can be easily removed.

Back of the Flower Mosaic where you can see the sheet that supports the small pieces of porcelain tile
