Mobilise® CH5-L bariatric chair

An innovative early mobilisation chair*, made in the UK

 **MADE IN
BRITAIN**
Mobilise CH5-L

*patent pending

An innovative bariatric, early mobilisation chair that lays 100% flat and has an innovative legrest that encourages sit to standing, this chair is manufactured in the UK, using UK materials which greatly reduces leadtimes.

Manual Handling

100% Layflat® reduces the need for hoists

Retractable legrest

Fully retracts beneath the seat so easier sit to standing

Easy to move

Allows patients to be moved outside or to other wards if necessary

Bariatric version

Seat width to 660mm and safe working load of 250kg (39 stone)

Seating options

Depending on the needs of the patient, different seating options are available

Made in the UK

The Mobilise® chair is made in the UK
