Mobilise CH5 chair

An innovative early
mobilisation chair*,
made in the UK

 **MADE IN
BRITAIN**
Mobilise CH5

*patent pending

An innovative, early mobilisation chair that lays 100% flat and has an innovative legrest that encourages sit to standing, this chair is manufactured in the UK, using UK materials which greatly reduces leadtimes.

Manual Handling

Lay flat option reduces the need for hoists

Retractable legrest

Fully retracts beneath the seat so easier sit to standing

Easy to move

Allows patients to be moved outside or to other wards if necessary

Versatile

Simple and easy to use handset with icons for ease of use

Seating options

Depending on the needs of the patient, different seating options are available

The Mobilise chair is made in the UK and therefore has shorter leadtimes
