Secura 3 Mental  
Health Bed

The Secura 3 is the ultimate safe and secure solution, eliminating access to the bed mechanisms, with the bed surround concealing both.

High/low bed positions possible with the lower bed section sitting stationary with the bed.

The sides of the bed are recessed to allow for nurses to kneel on the bed without the obstruction of a bed surround in the shin area.

## Specifications

Overall dimensions (mm)	2030 x 930	
Sleeping surface (mm)	2000 x 900	
SWL	250kg	
Height adjustable (mm)	400-700
