

## 4096 Hz Angel/Crystal Tuning Fork

This Fork is also known as the Crystal Tuner as it is used on crystals themselves to amplify the energies of the crystals and to tone the crystal as well. This specially designed tuner creates a wavelength powerful enough to penetrate through the skull, and into the neural epicenters in the brain. By vibrating your cranial bones, the Angel Tuner opens the gateway for spiritual insights and experiences. This tuner enhances your connection to universal energy for manifesting inspiration and a meditative state, as well as connections with higher powers, visions, and creative expression.

**This fork opens our soul/spirit to the Angelic Heavenly Kingdom.**
