

Oneness

This frequency will help a person to become one with God. When one activates the tuning fork, the frequency in hertz of "Ehyeh Asher Ehyeh" (as calculated through sacred geometry) is transmitted.

Our spiritual being quickly syncs with our creator as we contain both the spirit and the DNA of YHVH.

I AM THAT I AM

“I AM THAT I AM” is the English translation first found in Exodus 3:14. This is when Moses encounters God in the burning bush and asks him the name he wanted to be known by. God identifies himself with

Ehyeh Asher Ehyeh.

This name is actually translated a number of ways as shown in the diagram below. YHVH, the Tetragrammaton found in the Torah for God, in essence is saying that He is the source of all being and has being inherent in Himself. He is beyond all descriptions as He is the Source and Foundation of all possibilities. In this encounter with Moses God denotes the meaning of His name through a series of relationships, i.e. the God of Abraham, the God of Isaac, the God of Jacob, and the God of Israel. In this passage he is conveying that this has always been His name and that is how He wants to be remembered throughout all generations. A more English translation of the Hebrew here would be,

“I will be what I will be.”

אֶהְיֶה אֲשֶׁר אֶהְיֶה
Ehyeh-Asher-Ehyeh
 "I AM THAT I AM"

which derives from the Qal imperfect first person form of this verb
hayah הָיָה
 which would then imply
 "I AM WHO I WILL BE"

Who Is and Who Was and Who is Coming
 Asher Hu-Hawah, Hayah, waBah
 Who Is - Who Was - Who Will Be
 The Eternal One!

- ◆ He wants to share the mysteries of the universe with His children.

Sefirot (Tree of Life)

This name of God is found In the Keter (crown) of the Tree of Life. In this placement it represents both the beginning and the end of the voyage we call life. In the physical realm that would indicate birth and death and in the spiritual realm it would represent creation to the end of all existence.
