OUR FORKS

SozoSoundz is pleased to announce this exquisite custom made set made by Medivibe in the USA. These forks are the longest stem products this manufacture makes with a minimum stem length of 3 inches. Most of their standard stems from other distributors are 2.3 inches in length. These are high quality, low cost tuning forks made from a non-rusting, non-tarnishing, non-magnetic aluminum alloy. They are designed to produce a pure tone even after many years of use, with proper care. The tuning forks range from 26 hertz to 8,000 hertz.

The forks are machine cut and are precisely tuned within 0.25% at 20 degrees Celsius of the indicated frequency. Because of the special aluminum alloy used to make the fork, they are resistant to decreased frequency changes due to temperature fluctuations and are harder and more durable. They come with a lifetime warranty. Abuse of the forks is not covered. Therefore, it is suggested that they not be struck on any hard surface, dropped or exposed to the heat or cold for an extended amount of time. Please do not confuse our tuning forks with inferior products being made in China and Pakistan.

The Solar System/Planetary tuning fork set consists of 11 Tuning forks. These are custom made by Medivibe and each stem is 3 inches long. We are the only distributor to bring you this exquisite set with the longest stems on the market in the USA! These forks come with an activator in blue velvet pouches.

Hans Cousto, a Swiss mathematician and musicologist, discovered the natural law of the “Cosmic Octave” in 1978. He found a variety of natural phenomena which periodically occur, i.e., orbits and rotations of the planets, colors, weather, musical rhythms and tones. He used the octave formula $f(\text{frequency}) \times 2^n$ (=doubled n times) he was able to calculate the audio frequencies of the circulations and rotations of the earth, the moon and the planets. Through time and with the cooperation of others, the audible frequencies of these planets were created into tuning forks.

This set of forks create a sympathetic vibration and resonance between yourself and the planets. In effect, they help to enhance the benefits of each astrological body represented in the solar system.

ACTIVATION

Tuning Forks:

Listening

Activate the desired tuning fork associated with the planet you would like to experiment with. Bring the fork 3-6 inches from your ear. If a WTF then have the hole facing the ear and meditate on the sound. If UTF then bring the tines within that distance. Let the forks ring out to it's full extent. Do the same on the opposing ear. Do this 3 times for each ear.

Acupuncture/Acupressure (Weighted Only)

Place the activated tuning fork stem (with medium pressure) on the site located on the body. Let the fork go through the full vibration/sound cycle (20-25 seconds). Do this more than 3 times in any given spot and move on to another spot.

Chakra Energy Centers

Root: Activate the Earth tuning fork and place the WTF on the root via the back. If UTF then point the tines at the center 2-3 inches off of the body. Also on the UTF you can point the tines at the center and draw in a circular motion. Let the forks go through the full vibration/sound cycle (20-25 seconds). Do this more than 3 times.

Sacrum: Activate the Moon tuning fork and place the WTF on the sacrum via the back or the front of the body. If UTF then point the tines at the center 2-3 inches off of the body. Also on the UTF you can point the tines at the center and draw in a circular motion. Let the fork go through the full vibration/sound cycle (20-25 seconds). Do this more than 3 times.

Also on the UTF you can point the tines at the center and draw in a circular motion. Let the fork go through the full vibration/sound cycle (20-25 seconds). Do this more than 3 times.

Heart: Activate Activate the Mars tuning fork and place the WTF on the Heart via the back or the front of the body. If UTF then point the tines at the center 2-3 inches off of the body.
