

SOLFEGGIO FIBONACCI SET

While the standard set is based off of C 256 Hz commonly found in nature, this set is based off the 396 Hz or UT frequency found in the Solfeggio series. The set uses the same mathematical equations to enhance the spiral effect. This set not only gives you the power of the standard Fibonacci but the healing power of the Solfeggio.

Many times what holds us back from our destiny/path is fear. The base fork is used on the root energy center (chakra) for "Liberation of Guilt and Fear." In essence this set can help catapult us into a higher dimension by healing all that is holding us back simultaneously.

In this series, as in all Solfeggio series, the frequencies add up to a 3,6, or 9 in Pythagorean Math.

*As Nikola Tesla stated,
"If you knew the magnificence of the three, six and nine, you would have a key to the universe."*

SozoSoundz has created this set with you the customer in mind. You will not find this set offered by any other distributor.

Both sets open the gateway into alternative realities. The standard set enables one to explore the altered states of consciousness on the earth and the Solfeggio set helps you to explore the alternate realms of heaven.

In Sound therapy we use 5th dimensional healing techniques. Instead of just focusing on the physical state, we work from spiritual down to mental, emotion and physical. All realms are touched which brings healing to all as well.

Besides empowering self-healing, these frequencies also promote creativity. The special frequencies that we have created along with the ratios of the Fibonacci sequence, provide a variety of spirals that help to catapult one in and out of different realities. One can even discover realities within realities. However they all have the special still spot which connects them to all other realities and energy fields.
