Winter BOOTCAMP

Fitness for the skin

Our Winter Bootcamp for the skin is a great way to get started on homecare and treatments, and to assure you are doing all you can for your skin over winter! This package will give you 4-5 months of in salon treatments and give you a little taster of some of the treatments we offer.

ADVANCED BOOTCAMP TREATMENT SERIES

- STEP 1. A FULL SKIN ANALYSIS** – to ensure we are recommending the best possible treatments for your skin's conditions and concerns. Our Bootcamp can be adjusted to suit accordingly. During this visit your Dermal Therapist will thoroughly cleanse and analyse your skin and Finish with a light microdermabrasion treatment and hydrating mask.
- STEP 2. ADVANCED MEDI FACIAL** – This medical strength facial treatment will include a 2nd thorough assessment of the skin. Your Dermal Therapist will customize a treatment utilizing specialised peels and/or equipment including our Oxygenation Skin System to ensure maximum results.
- STEP 3. A COSMEDIX POMEGRANATE PEEL** – Designed to even out the top layers of the skin, Pomegranate Peel infuses the skin with powerful antioxidants while stimulating collagen to smooth over rough skin and correct uneven tone and texture.
- STEP 4. DERMAPLANING FACIAL TREATMENT** – You can read all about this skin smoothing treatment in the "Learn More" section of this newsletter.
- STEP 5. A DERMAFRAC TREATMENT** - You can read all about the wonderful benefits of this treatment in the "Learn More" section of this newsletter.
- STEP 6. ASPECT GOLD SIGNATURE FACIAL** – to conclude your Bootcamp Journey - a pampering skin nurturing facial with our Aspect Gold range, this treatment will have you never wanting to leave Bloom!

You will also receive A take home **Winter Skin Essentials kit**, including **5 MUST HAVE** products for winter!

Skin

WINTER FOCUS

Newsletter

Welcome to the special "Skin Focus" addition of our Bloom Newsletter.

We are well on our way to the cooler winter months and it is SO important to be sure your skin is ARMED and ready to take on the harsh winter elements! From season to season our skin changes, therefore what you may have used in the summer months may not be sufficient for the winter months. Here at Bloom Skin & Beauty we realise the importance of educating our clients on the function of their skin, and also products and Treatments recommended. There is no point in having a fancy car with all the bells and whistles if you don't understand how to use it or its functions right? We are super serious about skin and offer specialised products and treatments with cutting edge ingredients to cater for all your skincare needs.

In this edition we talk about a few of the Advanced Treatments we offer at Bloom to educate you on why you would have that specific treatment and what it involves. We also have some fabulous discounted offers for Advanced Skin Packages and treatments, IPL Hair Removal and Skin Rejuvenation.

We are very excited to welcome Karen and Chloe who have recently joined the team at Bloom. Karen joins Bloom with a lifetime of experience in the Beauty and Cosmetic industry and is bursting with passion and knowledge to share with you all. And would you believe Karen and myself worked together 16 years ago! Funny how the world works. Karen will now fill the Salon management role as Rosemary steps back to more part time hours to suit her and her little family.

Chloe has joined us after graduating from Elite International School of Beauty & Spa and will work closely alongside myself and our team of Senior therapists to perfect and learn Bloom protocols, insuring the high standard of services offered at Bloom. Chloe has an absolute passion for the industry and really has what it takes to become an outstanding therapist. Both Karen and Chloe are looking forward to meeting and welcoming you all soon.

We are always happy to answer any questions you may have via phone, e-mail or just pop on in, we would love to see you!

Thank you for your ongoing loyalty and support. Leah and the team at Bloom!

MICROBLADING

For Brows – Now available at Bloom!

Microblading is a semi-permanent eyebrow tattoo also known as Feather Stroke, that lasts 12 to 24 months and creates the effect of natural, full brows. Each stroke replicates real hair, and the end result is a brow that looks nearly identical to your natural hair pattern. Microblading can create or redefine the shape of brows, fill in empty/sparse areas, thicken, extend, and create brows for clients who have lost all of their brow hair.

"Professionally trained as a Microblading Specialist I will ensure that you understand the entire process and know what to expect. I will customize the experience to fit the needs of each individual and discuss options for choosing the perfect brow shape and colour to redefine your brows".

-Leah

1st Session - \$345+

(optional: email info@bloombeauty with photos for a price quote)
(price may increase depending on the degree of restoration)

2nd Session - \$310

(4 - 6 weeks after initial microblading appointment, required to achieve full results)

3rd Session - Free - Touch up if required to deepen colour.

Skin

LEARN MORE

Ever wondered which treatment is best suited to your skin's needs? Learn about some of the Advanced Facial Treatments offered at Bloom.

DERMAFRAC – SKIN REJUVENATION AT ITS BEST!

Micro-needling treatment with no downtime – and great results.

What is it? Micro-needling infusion therapy is an advanced aesthetic treatment used to target many skin concerns including fine lines and wrinkles, sun damage, brown spots and pigmentation, open pores, congested skin, mild acne scarring, and dry and dehydrated skin.

How it works? Dermafrac uses a roller which contains 180 superfine needles to stimulate collagen production and cell renewal, helping to plump, firm and smooth the skin. As the roller creates the micro channels in your skin, the Dermafrac system simultaneously enables the infusion of a potent serum to boost the impact of the needling treatment; that's the important bit really – the serum gets to the area it is needed!

This effectively leaves your skin with a glowing complexion and instant results; you can apply mineral makeup immediately, and then sit back and feel and see your skin improve daily. Ideally we recommend 6 treatments 4 weeks apart; add in an Advanced Medi facial between for magic results!

Included in every Dermafrac treatment you will receive all 4 stages:

1. Crystal free **Microdermabrasion**
2. **Micro-needling** only goes as deep as is required
3. **Product infusion** serum chosen depends on your concern and is selected on the day
4. **LED Light Therapy**

LED light therapy promotes collagen stimulation, suppresses inflammation, reduces irritation and redness, and reduces bacteria living underneath the skin.

DERMAFRAC

Exceptional and painless method of rejuvenation.

Principles of operation

\$250
single treatment

\$599
3 treatments
(save \$151)

Purchase a course of 6 for \$1250 – Pay for 5 get the 6th free!

Plus receive your take home post care products required for use after each treatment, (save \$412).

(Payment option: split total of \$1250 over the first 3 treatments).

ANTHELIA – INTENSE PULSED LIGHT (IPL)

Skin Rejuvenation & Permanent Hair Reduction

What is it? IPL is a non-invasive procedure that is used to treat a wide variety of skin conditions without disrupting the skin's surface.

Treatment of Wrinkles and Fine Lines (Phototoning®)

Reduces wrinkles • Firms and tones skin

Stimulates the production of collagen and elastin for a youthful appearance

A series of 6 treatments 4 weeks apart will suffice to achieve visibly younger looking skin.

Softens Capillary Redness (Photovascular treatment)

Reduces Spots (Photopigmentary Treatment)

Acne Treatment

Permanent Hair Removal

DERMAPLANING

Dermaplaning is a safe, non-invasive exfoliating treatment which removes several layers of dead skin cells as well as the fluffy blonde facial hair (vellus hair) that annoys so many of us! Dermaplaning can be had as a standalone treatment – perfect before an event to give you bright, glowing skin, or prior to other skincare treatments such as peels to achieve even better results.

The results are immediate with no downtime

Using a sterile medical blade to gently scrape away the superficial layers of dead skin cells. The benefits are much smoother skin – makeup will go on like never before and look flawless; removal of soft facial hair that traps dirt and oil in turn promoting better skin health. Skincare products or other treatments are more effective as products are able to penetrate the skin more deeply.

Dermaplaning Full Face **\$99**
Dermaplaning plus Peel or Enzyme treatment **\$125**

MEET OUR COSMETIC NURSE

DIANNA MORGAN

Is a Registered Nurse with over 25 years' experience as a health care professional.

Dianna has worked in the cosmetic industry for close to 10 years, throughout both New Zealand and Australia. She started her career in Dermatology, and combined skin studies with intense pulsed light and lasers. Dianna then worked with Allergan, the makers of BOTOX and JUVEDERM. This was a great place to learn injecting techniques from some of the best injectors globally, right at the source, and she spent over 6 years with this prestigious company.

Training was an important part of her work and Dianna became an advisor for Allergan, training hundreds of Doctors and Nurses in the art of injecting BOTOX® and dermal fillers. Dianna has also been involved with Masterclass training sessions with world renowned Plastic Surgeons, and now she brings her incredible skills and experiences to work with us!

Dianna is passionate about obtaining natural, undetectable results and dedicated to offering the very best service and outcomes for her clients.

Get in touch to book your free consultation with Dianna – you won't regret it!
