Modernist. Colours

Carefully curated in-house, our non-toxic, odourless, low emission and eco-friendly paint range offers something different.

Each door is sprayed by our skilled paint specialists using the very latest technology to achieve a high quality, durable finish. This also ensures a perfect colour match between the door and moulding on the glazing cassette.

Disclaimer:

Colours shown should be used for guidance only as the limitations in the printing process may mean that colours vary from those illustrated.

Safe & Secure

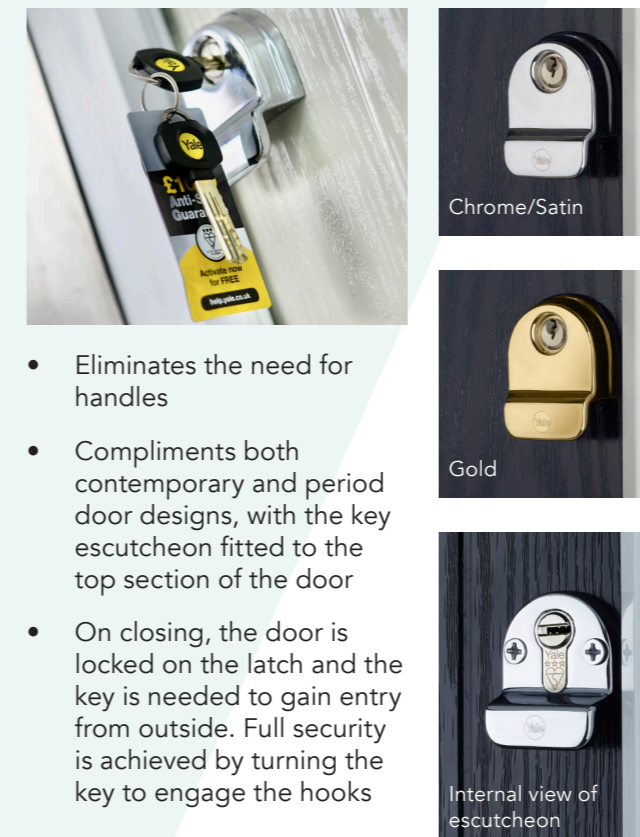

Our composite doors feature multi-point locking, securely fastening the door to a fully reinforced frame with a combination of hookbolts and deadbolt. Additional option of a traditional slam shut facility.

- Locking options include:
- Handle operated hookbolts as standard
- Slam shut facility* whereby when the door is closed it can only be opened from the outside with a key
- Stable door locking, features handle operated hookbolt and deadbolt to top, thumb turn operated and deadbolt and internal shootbolt to bottom
- Autolocking options

*Please note that for complete security the locks should be fully engaged by lifting the handle and engaging the key

Heritage finger pull escutcheon

- Eliminates the need for handles
- Compliments both contemporary and period door designs, with the key escutcheon fitted to the top section of the door
- On closing, the door is locked on the latch and the key is needed to gain entry from outside. Full security is achieved by turning the key to engage the hooks

For the Ultimate Security Cylinder Upgrade choose YALE Platinum 3*

- Advanced multi-pin tumbler mechanism
- TS007 3 star Kite-marked Secured by Design
- Sacrificial external side designed to leave the door secured after a snap attack
- Anti-snap, anti-pick, anti-bump, anti-drill, anti-screw
- Supplied with 3 Yale branded dimple cut keys
- Unique key identification for added security
- Available in double or thumb-turn variants
- 10 year guarantee

What to look for in a door

We're confident you can't buy better!

The outward appearance of most replacement doors can be almost identical, but don't be fooled into thinking that all composite doors are more or less the same. The quality of materials, construction, overall design, locking and weatherproofing systems can vary immensely from manufacturer to manufacturer. To help make you aware of the features you should consider when buying composite doors, we've listed the main things to look for on this easy to use checklist. The specifications shown are standard on every Visage® door (unless shown as optional) and, as one of the very best systems on the market, we're convinced you can't buy better. But don't just take our word for it!

To compare our products with that of any of our competitors, please feel free to fill in the check boxes below.
