

FOOT SIZE GUIDE

1 PRINT

- Print this page out on a 8.5"x11" sheet paper at 100% scale. Make sure to uncheck "Fit to page."
- To make sure your size chart has printed correctly, put a credit card on the space below.

2 PLACE

- Place the chart on a solid surface. Have your child stand barefoot with the back of their heel on the line at the bottom of the page. Distribute weight evenly before measuring.
- TIP: Wear the type of socks you'll wear with your footwear and allow for wiggle room.

3 MEASURE

- Measure both feet. If they are different sizes, go with the larger one for your child's size.
- TIP: Shoes size can vary by style. We recommend comparing your child's measurements here with size chart of each particular style as you shop.
