

## Limited Warranty:

**Warranty:** Artistic Products LLC (“Artistic”) warrants to the verified purchaser of the original product (hereinafter 'the Customer') that the Artistic product for which the Customer received this warranty was designed, developed and/or fabricated used all due reasonable commercial care and good manufacturing practices. Artistic’s product shall be free from defects in material and workmanship for **1 Year** from date of purchase as evidenced by a valid receipt. Artistic’s sole obligation under this warranty is to repair or replace the product, at Artistic’s option. Artistic must be notified in writing of any claim under this warranty within 30-days of any claimed lack of conformity of the product at the address hereinafter set forth.

**Warranty Limitations:** The duration of any implied warranty or condition, of merchantability, fitness for a particular purpose, or otherwise, on this product shall be limited to the duration of the express warranty set forth above. In no event shall Artistic be liable for any loss, inconvenience or damage, whether direct, incidental, consequential or otherwise, resulting from breach of any express or implied warranty or condition, of merchantability, fitness for a particular purpose or otherwise with respect to this product, except as set forth herein. Some states or countries do not allow limitation on how long an implied warranty lasts and some do not allow exclusions or limitations of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which may vary, from location to location. This warranty shall be interpreted pursuant to the laws of the United States and the State of New York. The original English language version (meaning) of this warranty controls over all translations; Artistic is not responsible for any errors in translation of this warranty and/or any product instructions. This warranty is not intended to confer any additional legal, jurisdictional or warranty rights to you other than those set forth herein or required by law. If any portion of this warranty is held to be invalid or unenforceable for any reason, such finding will not invalidate any other provision. For products purchased in countries other than the United States, please contact the retailer from which the product was purchased.

**Warranty Exclusions:** This warranty does not cover products that have been modified, neglected, poorly maintained, misused or abused.

**Return Authorization Requests:** Requests for return authorization should be sent to Artistic Products LLC, 125 Commerce Drive, Hauppauge, NY 11788. 631- 435- 0200, attention: **Customer Service.**

Thank you for your purchase of the Artistic® LED Lighted Sign Holder which allows you to create a bright, double-sided, illuminated display sign using ordinary printed paper inserts.

Please follow the easy instructions below.

- 1: Place the LED Lighted Sign Holder in a dry location and on a flat surface, preferably near a wall plug. The holder accepts up to two 8.5" x 11" paper inserts, visible from both sides. Ordinary "copy" paper is recommended, as a thicker paper will reduce the LED light from passing through them. Inserts using color will create a more interesting and contrasting display!
- 2: Begin by sliding your own insert into the main, vertical lighted section of the LED Lighted Sign Holder. To slide in, lightly separate the clear outer plastic from the white vertical center portion of the holder. Insert the bottom edge of your paper, per diagram 1. Slowly ease the paper between the clear and white portion.
- 3: Repeat the same process for the opposite side of the unit for your second insert, if any. Once inserted, the paper is designed to stay in place without slipping. Use single sided printing only, with no content or marks on the reverse side of the paper.
- 4: To power on and light your inserted content, plug the included power adapter into the side of the unit, and plug into a wall outlet per diagram 3. Next press the on/off button once to turn the light on per diagram 4.
- 5: To turn the light off, simply press the on/off button again. It is recommended to unplug the AC adaptor from the wall when not using the unit for an extended period of time.
