EXTREME CAMPERS

FAKAWI

TRIBE 
RANGE

FAKAWI TRIBE

Introducing the latest from Bushwakka Adventure Gear

The Bushwakka Fakawi

The Fakawi range is our pride in the Hybrid Camper Range. Available in a 2 Berth, 4 Berth, and also a 5 Berth. Whether you crave a bit of Culture, want to dig your feet into the red dirt of the outback, explore our amazing beaches or climb the mountains. The Fakawi will take you there and back in comfort and style.

Inside, you will find an intuitively designed layout, giving the parents a little extra privacy with an East-West queen-size bed that you can walk around... no more climbing over each other or sliding down the bed. The Camper boasts ample clothes storage cupboards which allow you to pre-pack and hit the road.

Large East-West Bunks in the Tribe 2 and Tribe 3 range folds away with ease and offers ample sleeping space. Bunks are just over 2m long which means the kids can enjoy the camping trips well into their young adult years.

Large combination internal shower offers hot & cold water a roof-mounted shower rose and an electric flush toilet, just to add to the creature comforts of the Fakawi.

An electrically operated pop-top roof makes setup a breeze, with heaps of charging points, 240v, and fans. Offered as standard, Victron charging, lithium batteries, and solar keep you off the grid for longer. We have also included creature comforts like a Dometic Aircon and Diesel heater that make exploring our beautiful land comfortable no matter what season you are in.

The Fakawi has an easy setup external kitchen which is ideal for quick stop-overs, simply open the door and you are presented with open space, a 3-burner Thetford gas cooktop and a stainless steel sink along with electrical points, and 12v LED lighting. Plenty of storage including through-and-through cupboards to reach the snacks from inside the camper, 2 x pantry drawers, and a cupboard. A large 75L dual-zone fridge freezer that slides length-wise for ease of access to both compartments completes your outdoor galley. All of this is covered with Bushwakka's unique and largest freestanding awning that gives you over 8m of cover.

Market-leading front storage design allows you to load larger items like chairs, tables, BBQs, and many more so these no longer need to go inside the van or in the car!

All Bushwakka Campers Features Suspension from Carbon Offroad and our Campers are backed by a 6 Year Warranty for peace of Mind Camping.
