	pH	5.4-6.0												

STOCK TANK MIXING

The 1.2Kg method:

- Mix 1lb of soluble powder per gallon of water.
- Never mix multiple products together in concentrated form.
- Use reverse osmosis (RO) water for all stock tank concentrate mixes.

Set doser to		
Athena Core	Athena Grow/ Bloom	EC
0.16%	0.27%	0.5
0.33%	0.56%	1.0
