

Binding Basics

SUPPLY LIST

Instructor: Beth Dague

Dates: SATURDAY, AUGUST 24TH | 10A-12P

Project description: Learn how to make a continuous binding with mitered corners.

- We will talk about the advantages and disadvantages of bias binding vs. cross grain bindings.
- Learn how to calculate how much fabric you will need to bind any quilt.
- Talk about binding widths and how to use them to create stunning quilts.
- Most importantly, we will learn how to seam the ends together!

Fabric requirements:

- We will supply a kit to practice the binding technique. You will need no additional fabric.
