NOTES

FROM

THE

DESIGNER

The new season is upon us and we're already dreaming of our next getaway. There is something for everyone this AW23 season, from bright and exotic prints to rich lush hues.

We start the season with the return of much-loved collections Halkidiki and Beach Waves. These Fantasie favourites create a mix and match story which offers both print and plain options. Halkidiki's vibrant tropical print is the perfect complement to Beach Waves in striking electric blue. Speaking of complements, Ottawa's new colourway Freesia creates the perfect pairing with Aguada Beach in tonal sun kissed hues. Plus the return of botanical inspired Paradiso, is another collection perfect for your winter vacay.

Alongside the return of our signature collections, we are excited to launch brand new ones too. Hope Bay embodies a stylish two-tone leopard print design, whilst new Seraya Sands fuses abstract zebra and leopard prints in earthy tones for a touch of luxe in your swimwear wardrobe.

Another new print debut; Pichola resembles a tropical paradise combining a vivid mix of sunset oranges and nature greens. This collection also welcomes an exciting new High Waist Brief shape addition, with adjustable side ties so you can customise to your desired look.

We're also proud to be continuing our sustainability journey with our brand new range East Hampton; featuring fabric made from pre-consumer recycled nylon. The timeless black base, with the addition of a stylish ladder trim, makes this collection one not to miss.

With styles that will have you feeling the best version of yourself, rest assured you're swim-ready wherever life takes you in Fantasie.

SWIMWEAR
ESSENTIALS
THAT ARE
NEVER
BORING...

Comprising of five styles from swimsuit to full cup, there's a variety of coverage levels to suit you and your desired look. Available in an easy to wear Black, the collection offers chic and timeless looks that will play a key part in your holiday wardrobe for many years to come.

What's even better, is that you can mix and match across Fantasie Swim's vast expanse of swimwear styles for endless fun and stylish looks.

BUILD YOUR BASICS

For AW25 we wanted to introduce a new core essentials range for Fantasie Swim; and East Hampton is exactly that. Although it may look sleek and simple from the eye, it's certainly far from basic. We have worked hard towards creating more sustainable garments using an outer fabric containing nylon with recycled content and a high chlorine resistant elastane – Creora® highclo™.

WHAT IS CREORA HIGHCLO?

Creora® highclo™ was designed to overcome spandex's vulnerability to damage by chlorine. It prevents colour degradation by the chlorine element used for swimming pool sterilization and the chlorine bleach used for laundry washing and processing. It is applied to swimwear and improves fabric durability.

HALKIDIKI

Halkidiki's eclectic print and vibrant colours are guaranteed to make you look and feel fantastic. With a tropical display of multi coloured florals across a bold blue base, the collection features a wealth of styles in varying coverage levels. The UW Plunge Swimsuit is one of our newest styles to date, and features a flattering deep V-neckline, concealed underwires and a light lining. Comfort and style combined.

WHAT IS CREORA® HIGHCLO™ ?

Creora® highclo™ was designed to overcome spandex's vulnerability to damage by chlorine. It prevents colour degradation by the chlorine element used for swimming pool sterilization and the chlorine bleach used for laundry washing and processing. It is applied to swimwear and improves fabric durability.
