

# VERISMO™ IP

## PROFILE WW

### IP65, Warm White LED Profile Spot

#### High CRI, 3200K Warm White

Verismo™ IP Profile WW is a 3200K warm white fixture, well suited for a variety of applications including theater, video, and production studios thanks to its 300W WW LED module. It is incredibly bright making it perfect for long distance throws, and it offers 1/2/3 or 4-channel DMX control with 16-bit dimming + strobe. It can efficiently help reproduce true colors in comparison with that of natural light thanks to its high CRI of 98.

#### Loaded with Features

There are 4x lens options available for the Verismo™ IP Profile WW with the choices of 19°, 26°, 36°, or 50° beam angle. Its 4-blade manually adjustable shutters can create custom shapes or complete blackout, and users can project images with use of its included B sized gobo holder. User-selectable dimming curves, dimming speed, and frequency mode settings are also accessible from its easy-to-use, 4-button OLED control menu.

#### Luminous Intensity

Lux/Meter	2.5 Meter	5 Meter
19° Lens	27,165 Lux	7,421 Lux
26° Lens	13,336 Lux	4,018 Lux
36° Lens	10,192 Lux	3,813 Lux
50° Lens	6,500 Lux	1,808 Lux

#### Main Features
