RMC-300A
Multi-Camera IP & Serial Controller

Key Features:

- **LCD displays GUI for operability and visibility**

- **User friendly interface on 5 inch LCD touch panel**

- **Control up to 24 cameras**

- **Remote control via Ethernet or serial RS-422**

RMC-300A is a multi-functional multi-camera controller. It is able to control up to 12 PTZ and block cameras by Ethernet and up to 8 cameras by serial port RS-422 transmission. The RMC-300A versatility allows you to control Datavideo PTZ cameras, robotic PTZ heads and switchers up to 12 channels via serial RS-422 or IP control. A user friendly GUI combined with a 5" touch panel control and tactile control buttons enable users to manage multiple cameras for larger productions.

MSRP: $1,299
