IPS-D717S

SS-USB-CHRG-PS6

DESCRIPTION

FSR offers a full line of charging solutions for your iPhone®, iPad® or any smart device in a variety of form factors to meet your installation requirements. The chargers incorporate multiple protocols for the broadest possible compatibility and fastest charge rate, up to a full 12 watts. Models are available with or without a universal power supply, see chart below.

FSR's newest keystone snap-in charging port compatible with USB-C devices, incorporates power management integrated circuitry to determine power delivery requirements for your cable or connector. The built-in electronics provides the fastest charging using the power available up to 3 amps / 15 watts.

22AWG	60'
20AWG	100'
18AWG	150'

This chart shows the proper wire gage required when re-motely powering the chargers.

Input	100~240VAC, 50~60Hz, 0.6A
Output	15VDC 1.2A

Chart shows the ratings for the universal power supply that is shipped with specific models.

IT-USB-CHRG

- *Wall Plate DC to USB charger*
- *Available in White and Black*

SS-USB-CHRG

- *Keystone DC to USB charger*
- *Output is 5.2VDC 2.4A 12W*
