DECO
DRIVE IP

DESCRIPTION

The DECO Drive IP is designed to control our popular DECO Series for outdoor fixtures to provide you the versatility you need.

This all in one solution features 4 outputs that give users the ability to control multiple products at once. Each output can be individually configured and addressed in any preferred channel. This powerful driver has a max power of 96W per output or 384W total max power.

The unit features a mounting hole that can be accessorized with a clamp mount tread or din rail mount, making it easy for various installations.

Integrate your next installation with the DECO Drive IP!

⚡ POWER

The driver has 4 outputs that are 96W each. Connect up to twelve DECO Cityscape or four DECO Flex per unit. (To see all fixtures compatibility please see the fixture's manual).

💧 IP RATED

With an IP65 rating, it can be installed closer to the fixtures outdoors which simplifies the installation process.

🖼 COMPACT

Designed to fit in compact spaces, this unit can be installed in small to large areas and take up minimal space while powering and controlling your fixtures.

ELECTRICAL & CONNECTIONS

- POWER CONSUMPTION: 3.29 AMPS | 384W
- TOTAL MAX POWER: 580W
- OUTPUT CONNECTIONS: 4 IP RATED 5 CONTROL COUPLER
- POWER PER OUTPUT: 96W
- OUTPUT VOLTAGE: 24V
- POWER INPUT: 90-264VAC 50/60 HZ
- POWER CONNECTION: TRUE ONE PANEL MOUNT
- DMX CONNECTION: IP 5 PIN RATED XLR IN AND OUT & WIRELESS SOLUTIONS
- BALLAST: ELECTRONIC: MEAN WELL UHP-500-24
- WORKING AMBIENT TEMP: 24°F-148°F
- COOLING: INTERNAL FAN
- REFRESH: 4,000HZ

CONTROL & PROGRAMMING

- DISPLAY: DIGITAL
- PROTOCOL: DMX 512
- DMX CHANNEL MODES: 1, 2, 3, 4 & 7
- OPERATING STAND ALONE: 17 PRE-PROGRAMS

PHYSICAL

- HOUSING: EXTRUDED ALUMINUM IP RATED FINISH
- IP RATED ANTENNA: WIRELESS SOLUTIONS

MOUNTING

- INSTALLATION SYSTEM: M10 CLAMP MOUNT TREAD, MOUNTING HOLE, ACCESSORY DIN RAIL MOUNTS

ODERING INFO   PART NUMBER:

- DECO DRIVE IP   5070

INCLUDED ITEMS

- 1PC TRUE ONE POWER CABLE   CAB-POW-SJOOW-100
