MEGA LITE®
⌐ TetraDriver4

Product Description:

Designed to seamlessly control our Light Pipe and Tetra Series units, this all-in-one solution has 4 outputs that can be individually addressed within your preferred channel mode. To further enhance versatility, this powerful driver features multiple mounting points, allowing for easy wall mounting and clamp mounting. For easy production and installation implementation.

Four 96W Outputs
The unit is equipped with four 96W outputs. Each port can connect up to 96W of power. When using our Light Pipe series you can create many different combinations of lengths.

Wireless DMX
Using this function allows you to wirelessly control your DMX connected fixtures using a wireless DMX Connection.

IP 65
Resistant to water and protected from dust, this unit is perfect for outdoor venues and events.
