MICROCOM[®]

XR HEADSET ALL-IN-ONE

PMC-HS900XRS

WIRELESS INTERCOM FOR EVERY BUDGET

The new MicroCom 900XR All-in-One wireless headset combines the great sound quality, excellent range, and budget-friendly price point of MicroCom XR beltpacks with the comfortable fit, exceptional noise isolation, and flip-up microphone muting technology of the SmartBoom PRO headset, but without the wire. The MicroCom 900XR beltpack technology has been engineered to fit into the SmartBoom PRO headset ear cup.

Available in single-ear and dual-ear configurations, the wireless headset is lightweight and its adjustable design allows for comfortable all-day wear.

For those applications where budget and user density are critical, MicroCom 900XR is a robust wireless intercom solution that delivers flexible user options, superior range, affordable price, and solid wireless performance.

MICROCOM XR WIRELESS HEADSET 6+6 DROP-IN CHARGER

The revolutionary new Drop-in-Charger for the MicroCom 900XR All-in-One Wireless headset holds up to six individual headsets (single-ear or dual-ear) which can be placed on the charger without having to remove the battery or plug in a cord. The entire headset is simply placed on the charger for quick and efficient charging! Users can also charge up to six additional batteries (sold separately) for simultaneous wireless headset and spare battery charging capabilities.

PBT-HSXRC-66

MIX AND MATCH FOR THE ULTIMATE FLEXIBILITY

The new MicroCom 900XR wireless All-in-One headsets can be combined with MicroCom 900XR beltpacks and receivers for a custom mix of traditional beltpacks and All-in-One headsets to meet the needs of different applications and end users.
