

Allen & Heath CQ-12T or CQ-18T Mixer Case

3i1813-7-CQ1

The iSeries 3i1813-7-CQ1 Case provides superior protection for Allen & Heath's CQ-12T or CQ-18T mixer. This case has a unique custom foam insert that will accommodate either model by removing a perforated foam insert section. There are two accessory pockets included inside the case. One below the mixer that measures 10.7" x 6.5" x 2.375" deep and one to the right of the mixer that measures 12" x 2.6" x 5" deep. These are perfect for the power supply, extra cables, adapters, or a microphone.

SKB iSeries Injection Molded Mil-Standard Waterproof Cases are molded of ultra high-strength polypropylene copolymer resin, featuring a gasket-sealed, water and dust tight, submersible design (MIL-STD 810G) that is resistant to corrosion and impact damage. Standard features include a molded-in hinge, padlock loops, patented trigger release latches, snap-down rubber over-molded cushion grip handle, automatic ambient pressure equalization valve (MIL-STD 810G), and resistance to UV, solvents, corrosion, fungus and impact damage (MIL-STD
