

About Us

The Flair Exchange offers handmade tissue paper party supplies and boutique printed balloons in sophisticated colorways and prints. We're the perfect party source when big box party stores, mass-produced party supplies and generic themes just won't do! In addition to our signature colorways, we also offer custom color Tissue Tassel Kits and Hand-Cut Confetti for both wholesale and retail purchase.

Our tissue paper products such as the Tissue Tassel Garland Kits and Handcut Confetti are made with 100% recycled tissue paper and are completely compostable and biodegradable. Additionally, all components of the packaging and assembly kits are either recyclable or compostable. We also offer our confetti in Eco-Friendly boxes at no upcharge and our balloons are 100% latex, not plastic, which are recyclable (where available) and compostable.

Requirements

Resellers must have either a private eCommerce website or a brick and mortar store - no sales on Etsy, Amazon, or other ecommerce marketplaces are permitted. Resellers found violating these terms will receive a warning to remove items and if there is a failure to comply, will have their account permanently suspended. To register for a wholesale account, please email your tax ID, business license, or other tax/business registration information appropriate for your country to: info@theflairexchange.com

Ordering

Minimum Opening Order Value: \$100. No minimum for reorders.

Orders must be placed on www.theflairexchange.com and the wholesale portal is available once you complete the registration process.

Lead Time

Small wholesale orders (under \$100) ship in 2-3 days and orders ship USPS Priority unless faster shipping rates are purchased at checkout. Larger wholesale orders can take 3-5 days, with very large orders (\$1000+) taking up to 2-3 weeks. We can usually accommodate orders that need to be received in a certain timeframe for an event, just be sure to email us with your ship by date.
