# elk + cub

Step 1.

Print this page with the scale set to 100% on A4 paper.

You can set the scale in your printer settings. **DO NOT** print without setting to 100%.

Step 2.

Once printed, use a ruler to check that the below measurment is equal to exactly 3cm.

```
0        1        2        3
```

Step 3.

Cut out the ring sizing tool below, following the outside border.

✂-------- ✂
elk + cub ⦙ ← READ SIZE HERE   0 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15

Step 4.

Cut the vertical line down to the top of the "T". **DO NOT** cut all the way through.

Step 5.

Tie your ring sizing tool around the widest point of your ring finger. This can be the knuckle or body of the finger.

Slide the tip of the ring sizer through the vertical cut made in Step 4.

Tighten until firmly against your skin and read the size indicated..
