LCD Kit

LCD kit included the following items:

1 - Sunlight Readable LCD Screen

1 - LCD Controller

1 - LED Driver with wire harness

1 - Key PCB and Wire Harness

1 - Screen Wire Harness

Quick Start:

*Connect Screen wire harness to LCD screen (Black wire). Please be careful when connecting to LCD screen, the screen wire harness can only plug in one direction. Connect 6 pin LED wire harness to LED driver.

*Power Source:

15 inch or smaller: 12V DC, 3A or higher. Center positive

17 inch or bigger: 12V DC, 5A or higher. Center positive

*Note:

If there is a interference on the images. Please add a ground wires between Controller board, LCD driver and LCD screen
