# WHO IS SOMIC

Somic is a bespoke skin care company founded by Michael Somic and Leo Schappo in 2021, with the vision to create accessible, carefully curated everyday luxury products for adults, children, pets and homes.

Formulated with only the highest quality of vegan friendly ingredients, Somic products are hand made locally in Western Australia in small batches, and thoughtfully fragranced with a unique blend of pure, organic and fair-trade natural oils (essential oils).

# WHY SOMIC?

---

Somic

---

Here are a few reasons why we should work together!

Somic has curated a modern, vegan-friendly range of products inspired and driven by nature's oils. Our products are made fresh in small batches and are gradually enchanting customers with their quality and minimalistic packaging design. Our range is constantly evolving to following the latest trends in the industry.

The products are all delivered fresh! Each product displays a weekly batch code on the back to be transparent with our customers about their freshness. Samples will be provided for customers to try the products either in store or take home to try.

Our sustainable "go green" principle applies to the products, packaging and delivery. We are committed to protecting the environment by reducing our carbon footprint and respecting animal rights.

Our associate stockists will have a 100% margin at our wholesale price, with the retail price set as the same as our boutique and online shop. Not only does this align with our principle of providing access to everyday luxury products to our customers, but it also maintains consistency of Somic and stockists offering the same final price to the customers.

Our Gift Sets are very popular amongst our customers as an easy gifting solution during seasonal promotions, packaged in our stunning signature box, tissue paper and ribbon.

# ENVIRONMENT

---

Somic

---

Planet-friendly practices we live by at Somic:

- All our products and packaging, down to our printer ink, are vegan friendly. None of our products have been tested on animals.
- We use only recyclable PETG plastic bottles and recyclable tubes for our product packaging.
- All our mailbags are biodegradable and bubble wrap is fully recyclable.
- We send all our orders using a carbon neutral freight company, unless Express Post is selected.
- We also offer refills for Somic Body Washes, Hand Washes, Shampoos, Dog Shampoo, Salt Scrub and Salt Baths

# BECOMING A STOCKIST

# HANDS

Somic offers all the products needed for a seamless hand care routine, with matching hand wash and hand lotion scents. With an increased emphasis on hand hygiene in the recent years, we have ensured all our hand care formulations, in particular our hand sanitisers and hand washes, include hydrating agents to prevent drying and irritation.

We also offer travel size products for our hand lotions and hand sanitisers.
