Our **VENUE**

Welcome to Full Circle Brew Co, home to the newest and most unique wedding experience in the Ouseburn area. Our main space consists of a large glass-fronted Taproom overlooking our operational brewery and it's here where your ceremony will take place before the room evolves into the perfect space for your afternoon food; then it's time for drinks and dancing.

The brewery is on display for you and your guests all day which will create a fantastic backdrop, making your photos stand out from the crowd. We have separate spaces available for you and your guests to utilize during your wedding: our Tankroom where you can throw on some chill tunes, lounge around a few tables, and take in more views of the Taproom. Or, you could head out to our wonderful Beer Garden to soak in the sun and get some outdoor photos

It's your big day, and we'd love to share it with you!

Our **FOOD**

Whatever you and your guests have a craving for, we are confident we will be able to find the perfect food option for you.

We work with a range of street food vendors offering an array of options including tacos, burgers and slow-cook sharing boards, with veggie and vegan options always available.

Craving something late at night? We have our wood-fired pizza oven ready for you to knock out some of the best hand-stretched, Neapolitan-style pizzas Newcastle has to offer!

Our **DRINKS**

Our guess is that you like craft beer, which is why you're here. Sixteen beer lines is the headline—with a range of IPAs, DIPAs, Pale Ales, Sours, Stouts, and cask options also available—but we also offer an array of options for the non-beer drinkers.

We are in a unique position as our parent company is a wine wholesaler, allowing us to offer an extensive wine list that will make everyone from a casual wine drinker to a professional Sommelier keep coming back for more.

The cherry on our boozy cake is our crafted cocktail menu which offers something for everyone's palate, whether it be a summer spritz, the classic margarita, a minty mojito or a nightcap before it's time to wrap up your special event.

Our **COUPLES**

Are you looking for something unique and non-traditional? Go for the unexpected.

We're ready to push the boundaries by offering weddings within our industrial brewery, with its exposed brick and brushed steel, our venue creates the perfect setting for the craft beer-loving couple or those simply looking for something different from the rest.

Our wedding coordinator Kate, who has over a decade of experience in hospitality, is on hand for anything you may require. We aim to provide you the space you're looking for whether it's a relaxed and casual vibe or a killer party atmosphere.

Regardless of the ambience you want for your special day, you and your guests will be provided with the best food, drink, and service you could hope for.

Most importantly we're here to give you the day you deserve; no request is out of reach for the team at Full Circle Brew Co.
