SCREW-XL-P

Premium Rotary Screw Air Compressor Lubricant

ROTARY-XL-P utilizes the latest high-performance, full-synthetic base stocks and additives. This formulation offers an exceptional level of protection against wear, rust and corrosion, as well as outstanding resistance against oxidation and thermal breakdown. ROTARY-XL-P is designed to provide 8000+ hours of service.

ATTRIBUTES:

- 8000 hours of oil life @ 212°F discharge temperature
- Excellent thermal stability
- Resists water contamination
- Saves energy
- Protects against wear, rust, and corrosion
- High flash point 445°F
- Non-toxic and Non-hazardous

LUBRICANT PROPERTIES:

▪ SCREW-XL-P Grade	46
▪ Viscosity cSt @ 104°F	45
▪ Viscosity cSt @ 212°F	6.5
▪ Flash Point °F/°C	445/229
▪ Copper Corrosion, 24 hr	1a
▪ Demulsibility, 130°F, 30min	40/40/0
▪ Rust Test: Distilled Water	Pass
▪ Rust Test: Salt Water	Pass
▪ Foam Sequence I, II, III	0/0/0
