## SCREW-XL-PD

### Diesel Portable Rotary Screw Air Compressor Lubricant

Designed for portable compressors, SCREW-XL-PD provides low-temperature operating characteristics including low pour point and increased low-temperature fluidity. SCREW-XL-PD is also recommended for oil-flooded rotary screw air compressors.

#### ATTRIBUTES:

- Improved low temperature properties
- Oxidatively and thermally stable
- Resists water contamination
- Reduced lubricant consumption
- Protects against wear, rust, and corrosion
- Controls carbon and varnish formation
- Non-toxic and Non-hazardous

#### LUBRICANT PROPERTIES:

▪ SCREW-XL-PD Grade	46
▪ Viscosity cSt @ 32°F	493
▪ Viscosity cSt @ 104°F	45
▪ Viscosity cSt @ 140°F	20.8
▪ Viscosity cSt @ 176°F	11.4
▪ Viscosity cSt @ 212°F	7.1
▪ Flash Point °F/°C	428/220
▪ Copper Corrosion, 24 hr	1a
▪ Demulsibility, 130°F, 30min	40/40/0
