STERLING TORNADO | Made with .925 sterling silver, this Tornado rollerball has a line cut barrel, with accents in shiny rhodium. This is one pen that outshines the rest. VRR-1705

STERLING AGENDA | Smart, sleek and slimmer than the Tornado, this Agenda ball-point shines with a well-polished .925 sterling silver barrel and rhodium trim. ABP-1705

ATOMIC | Utilizing the newest technology, these stainless barrels have used a physical vapor deposition technique to achieve the ultra shiny surface. Add a clip with cubic zirconium gemstones and you get one eye-catching piece. Choose from the single or filled (13 CZ's) clip.

POSTMASTER | These stamps have been on real letters and correspondence from the past. Now they adorn the Tornado, where they are applied by hand and then covered with a clear lacquer. Their traveling days may be over, but these small pieces of art from the past still hold an awe about them.

BILL | This unique Tornado has real shredded dollar bills applied by hand and covered in a high gloss varnish. It has a rich appearance, but it won't burn a hole in your pocket or break your bank!

(Products not shown at actual size)

ATOMIC TORNADO | Made from a newly developed physical vapor deposition technique, these Tornados have a lustrous sheen that produces rich high-lights and dark shadows. Must be seen in person to appreciate the full effect.

TITANIUM TORNADO | Titanium is known for its phenomenal strength and light weight! Combine these characteristics with the Big Shot's wider body to get one exceptional element.

DELUXE TORNADO | Choose from the iridescent quality of the Carbon Fiber, the bold color and stripes of the Fiberglass, the all-black finish of the Stealth, or even the Vino with an authentic cork barrel. For those with an exclusive taste.

TORNADO LEATHERS | Genuine leather adorns the barrel of these exotic Tornados. Choose from the snakeskin or croco patterns.

TORNADO CLASSIC LACQUERS | This twist rollerball does not go out of style with its vibrant colored barrel and chrome accents. Pick one up and you will understand the sensation of this smooth liquid refill.

TORNADO ACRYLIC | Swirling with color, these writing instruments are eye-catching pieces that are a must for your collection. No two are exactly the same.

TORNADO PENCIL | Just as smooth as its rollerball cousin, these pencils operate with a simple twist of the top. The huge eraser on top is for those who make an occasional mistake.
