LONG BI | This beautiful hand-painted Tornado showcases a dragon with golden scales and red flames, carefully detailed and artistically crafted. Limited edition of 518 pieces.

STERLING AGENDA | Sleeker and slimmer than the Tornado, this Agenda ballpoint shines with a well-polished .925 sterling silver barrel and rhodium trim.

STERLING TORNADO | Made with .925 sterling silver, this Tornado rollerball has a line cut barrel, with accents in shiny rhodium. This is one pen that outshines the rest.

ATOMIC Utilizing the newest technology, these stainless barrels have used a physical vapor deposition technique to achieve the ultra shiny surface. To truly appreciate the full effect they must be seen in person. Choose from the classic clip or a clip with cubic zirconium gemstones (single or fill with 13 CZ's) for an extra eye-catching result.

CIOPPINO These genuine seashell barrels are made in stages to transform the rough seashell pieces into a perfectly fitted pen that radiates color and iridescence. Choose from the Rollerball or Fountain Pen.

POSTMASTER These stamps have been on real letters and correspondence from the past. Now they adorn the Tornado, where they are applied by hand and then covered with a clear lacquer. Their traveling days may be over, but these small pieces of art from the past still hold an awe about them.

BILL This unique Tornado has real shredded dollar bills applied by hand and covered in a high gloss varnish. It has a rich appearance, but it won't burn a hole in your pocket or break your bank!
