BAMBOO

Bamboo is an eco-friendly wood that has a beautiful light brown grain with short streaks and light knot patterns. It is complimented with antique silver accents, a friendly panda logo on the back and is loaded with a long-lasting Easy Flow ballpoint refill. With your purchase of this pen, a donation has been made to **the Arbor Day Foundation** to rescue 250 square feet of rainforest, and the habitat it protects.

ACRYLIC

Marbled, spiked, and swirling! Do you think verbs and adjectives like these would describe a pen? Well they do. Here are some more for you: debonair, resplendent, pulchritudinous. Pick one of these up and see what multi-syllable words come from it.

STEALTH

Get equipped with a rollerball pen made for covert assignments. It's your mission if you choose to accept it.
