

## RING S I Z E G U I D E <br> 

Print this page on A4, ensuring it is printed at $100 \%$ or 'Actual size'. Measure the below box measurement with a ruler to ensure it is printed correctly.

Take a ring that you already own and place it on top of the circles above. Your ring size will be the circle that matches the closest
to the INSIDE of your ring band.

the inside of the band should match up to the OUTSIDE of the circle

Remember to use a ring that is similar in style to the one that you want to purchase e.g. if you're looking to buy a delicate band ring, size using a delicate band ring.

This guide is a rough REFERENCE only and we do not accept liability for incorrect sizing. Use in conjunction with our comphrehensive SIZING HELP page that includes lots of tips and tricks as well as an international size conversion chart.

We want you to feel comfortable with your purchase, so if you need any help then reach out to us at customerservice@shopdixi.com.
