# Next Generation Dental Air Purification System

## Ultrafines Protection 40x Beyond HEPA

HealthWay Compact | Dental Operator DFS  
AIR PURIFICATION SYSTEM

# HealthWay Compact Dental Air Purification System

The HealthWay Compact DFS Air Disinfection Filter System is designed for individual operatory use. It uses the same advanced, patented technology that makes HealthWay the world leader in indoor air quality. The simple, stylish design complements any operatory decor.

## SPECIFICATIONS

Protects up to 500 sq/ft

Dimensions (inches) 13w x 8.75d x 20h

Weight 17lbs (8kg)

## 120V 60Hz

Blower Speed	Energy Usage (Watts)	Air Flow	Particle Efficiency
Low	11	22 cfm	100%
Med	16	49 cfm	100%
High	28	130 cfm	100%

## FEATURES

- Particle efficiency - 99.99% @ 0.007 micron
- 6-stage VOC absorption filter for heavy removal of harmful gases and odors
- Patented DFS technology efficiently removes up to 99% of airborne mold, bacteria and viruses passing through the system.
- Each machine is independently tested and certified to guarantee better than HEPA efficiency

- Substantial reduction in airbourne microorganisms, chemicals, offensive gases odors and smoke.
- Less dust and dander, pollen, dust mite waste, bacteria, mold, fungi and virus protection
- Slim, compact, ultra slim design
- Easy to maintain
- A clean and fresh smelling environment
- The revolutionary DFS technology reduces bioburden and inhibits microorganism growth passing into the system through Microbiostasis condition.
- Our technology is effective at capturing 40x smaller size ultrafine particles than HEPA, efficiently removing 99.99% of particulates @ 0.007 micron.  
Making HealthWay the most efficient air purifier available.
