## **Show your style. Make your move.**

To a real watch, from a company that knows what real watchmaking is – the Seiko 5 Sports Collection. A watch that you control – with its classic mechanical technology automatically winding with every move and a see-through caseback so you can see real timekeeping in action. No batteries, no gimmicks, just technology and life. A watch that meets every challenge of that life – with stainless steel casing, water resistance to 100 meters and a rotating elapsed timing bezel. A watch with a style that pulls it all together – your way. With enough choices to let you find the right combination of dial color and case finish, plus the stainless steel, silicone, or easily interchangeable nylon band that works for you. Your watch. Your style. Your Seiko 5 Sports.
