

Supplied with flat shelves as standard. Other options available

WD/121

WD/113

Product Description

The WD is designed to create a centre piece within a restaurant, allowing presentation of fine wines for customers to admire. The stainless steel polished interior with crisp white LED lighting creates a bright and elegant display to ensure maximum visibility and enhance value of the wine on show. With variable temperature settings it is suitable for white wine, champagne, or red wine to suit your needs. The quiet running, high performance refrigeration system can be switched between static cooled and ventilated (fan assisted) depending on requirements. The unit comes as standard with flat shelves but there are different shelving options to create a more varied display. The WD range is designed to go alongside the SF Range for fine cheese and cured meats, as well as the GEMM DA Range of dry ageing cabinets

Features and Benefits

- Fully automatic
- Static or ventilated cooling (Switch between)
- Lock
- Adjustable shelves
- Adjustable feet
- LED interior light with switch
- Digital controller and temperature display
- Mirror finish stainless steel interior
- Replaceable door gasket
- Supplied with flat shelves as standard. Other shelving options available
- Reversible door
