

Perforated Sliding Door Cupboard

Introducing the sleek and versatile GO Perforated Sliding Door Cupboard. This modern storage solution is designed to elevate your space while offering practical functionality.

The perforated door feature and internal acoustic panel offer sound absorption, creating a peaceful work environment. The adjustable shelves, located on both sides of the unit, provide customisable storage options to accommodate your needs.

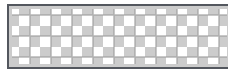

The soft closing track system ensures doors close smoothly and silently, while the lockable doors come with two keys for your convenience.

Crafted with durability in mind, the carcass is made from sturdy 0.7mm cold roll steel plate, while the doors are constructed with an 0.8mm thickness for added strength.

Discover the perfect blend of style, functionality and durability with the GO Perforated Sliding Door Cupboard.

Backed by a 10 year warranty.

Finishes:
