Urban Lounge Interiors

The Project

A combination of Konfurb Hady and ERGOCare Bella were placed into each patient room wing for this fitout. The ERGOCare Rockford recliners were placed into the day-stay recovery ward.

Grace Hospital have a comfortable and upmarket environment for private patient treatment. The selected guest chairs compliment the warm and modern spaces and the ERGOCare Rockford recliner was a great choice providing innovative independent electronic function without a hard clinical exterior.

Custom Upholstery Featured
