ANTIMICROBIAL FULL SIZE USB KEYBOARD FOR PC

User's Guide

Introduction

The X9 Performance X9BIOKEY is a USB keyboard specially designed for PC. 104-key full size offers a comfortable and efficient typing experience. 12 shortcuts and numeric keypad further increase efficiency and productivity.

All keys, both top and bottom covers of the keyboard are made of materials consisting of an inorganic antimicrobial component, Silver Zinc Zeolite which shields the keyboard against the growth of undesirable odor, bacteria and germs. Perfect for schools, offices, libraries, classrooms, businesses, warehouses and any other shared computer workstation environments.

The X9 Performance X9BIOKEY is very easy to use. Simply plug into the USB port of your computer and you are ready to go! Also, no software is required!

Thin and versatile, the X9 Performance X9BIOKEY is the perfect companion for your PC!

Package Contents

• X9BIOKEY Keyboard

X9 Performance Product Information

Warranty

X9 Performance peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year from the date of purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, X9 Performance will repair or replace the product. This warranty shall not apply to products that have been subject to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered as normal use.

Limitation of Liability

The liability of X9 Performance arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall X9 Performance be liable for costs of procurement of substitute products or services, or for any lost profit, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply not with standing any failure of essential purpose of any limited remedy.
