

The secret DNA of a Super-Trailer!

Help our mad Treasure Trails Scientists discover what ingredient makes up the DNA of a Super-Trailer!

Find the above colour sequence 11 times within the grid opposite. For every instance of where you find this sequence, make a note of the letter or number of the top left square within the sequence (the black one).

Now put your findings together in order of height, from left to right to spell out the final answer of what genetic trait a Super-Trailer has!

| | | | | | | |
|---|---|---|---|---|----|----|
| 1 | 2 | 3 | 4 | | | |
| 5 | 6 | 7 | 8 | 9 | 10 | 11 |

Dig a little bit deeper, and you'll see what's so special about this trait!

Don't forget to comment on our website as to why you think you are a Super-Trailer. The best 5 reasons will win a Treasure Trails voucher.

Answers to the puzzle can also be found on the website.
