

Heroic Acrostic

Not all heroes wear capes; some wear scrubs, some wear camouflage, and others wear high tech suits of armour (we're looking at you, Iron Man). To celebrate our superheroes, we've got a heroic acrostic for you to take on and defeat.

Solve the clues below and enter your answers into the boxes next to them - one letter per box. Once solved, the letters in the numbered boxes can be copied into the matching numbered boxes below. This will give you a quote from one of our favourite superheroes (this one does wear a cape). The first column of your answer grid, when read vertically, will reveal the hero's full name!
