

The Great TT Staycation Tour

The *TT Coast and Countryside Tour* has a secret side mission! If you've completed Leg 1, the *TT City Tour*, you'll know the missing location from that leg. But why was it dropped from the tour? We think a *mystery item* is the key and need some *super secret agents* to crack the code and figure out what it is. Our Tour Bus Driver has received an envelope containing some symbols and a set of clues. We believe one of the symbols is the *mystery item*...

How to crack the code:

Our route stops at each of the 15 National Parks in the UK. Solve the clue linked to each National Park to identify one of the symbols below. **Don't guess!** Online research is needed! Cross each symbol off as you go and you'll be left with one at the end - the *mystery item*!

Submit your answer at: <https://bit.ly/TTStaycation>

Stop 01 Dartmoor J

This area is known for its iconic rocky features. There are over 160 of these granite outcrops. One of the symbols shows one of them.

Stop 02 Exmoor G

Up for some wildlife spotting? The creature you're after is the largest wild land mammal in England but it can be hard to spot!

Stop 03 Brecon Beacons N

A bit of a riddle this one. What might you see here that comes after Welsh Mountain, Welsh Section A and pit?

Stop 04 Pembrokeshire Coast F

Part of the beauty of this stop is it's MCZ. Find out what it stands for and you'll know which mammal you might spot there!

Stop 05 Snowdonia K

Scenery galore awaits you, but you need to delve deeper for some myths and legends. Identify Gelert to solve this one!

Stop 06 Peak District H

These items dot the landscape but didn't fall off stone cars. They were once used in mills to make corn, flour, pins, needles, cutlery, even paper.

Stop 07 Yorkshire Dales C

Rolling hills provide the scenic backdrop to this stop on the tour, but it's what's usually hidden that is of interest. *Nyctalus noctula*?

Stop 08 Lake District P

Forget mountains and lakes, four mysterious items are what you seek. One of the four is in a field at the end of Castle Lane, Keswick!

Stop 09 Loch Lomond/Trossachs B

This stop is full of features said to be the haunts of supernatural creatures. Puck's Glen has dozens of this item along its trail.

Stop 10 Cairngorms L

In winter and you can enjoy three of Scotland's five ski resorts! All year round this National Park has five of six of Scotland's highest...

Stop 11 Northumberland E

Sit back and enjoy England's 'last known wilderness'. Then spot what lies along this National Park's southern border for this clue.

Stop 12 North York Moors O

Take in the pretty pink and purple heathers across the moors, then identify what you can see here at the fringe festival in October 2021.

Stop 13 Broads M

A boat trip is the ideal way to spot this slippery regular of the Broads. The Lord of the Manor of Ely was once paid his rent in these!

Stop 14 South Downs D

As we wander along the top of the Seven Sister's white cliffs, keep an eye out for Adonis and the Duke of Burgundy to solve this!

Stop 15 New Forest A

Last stop! Solve the riddle to get this final answer: What has bark but does not bite and sun and rain increase their height?
