Solve the clues to reveal who's stolen Val's heart

A soppy romantic, Valerie Entine has been collecting wooden hearts ever since she was a little girl. She orders one each month from the same online store, always requesting delivery on the 14th of the month. She often dreams of the man who lovingly makes each wooden heart by hand, and over the years, she's fallen for him. As luck would have it, the man who's stolen her heart, intrigued for so long by the lady who orders a heart every month, has fallen for her in return! However, before he commits to meeting her, he wants to be sure she loves puzzles as much as he does. So, he's set a series of clues to reveal his identity. Poor Valerie's all in a tizzy, her heart a-flutter, and she's in no fit state to solve any puzzles. Can YOU, Love Detectives, help track down the love of her life?

Briefing notes

Chief Cupid here! We have ten possible suitors from the photographs Val has been sent. Val has also handed over a set of nine clues. Each clue answer will match and eliminate one of the suitors. Solve all the clues, and you'll have identified who has stolen Val's heart! Good luck, Detectives!

Let's Go

Our forensics team have examined Val's most recent wooden hearts under UV light and have revealed nine different UK postcodes. Time is of the essence, so you'll have to crack this case online. Type each postcode into Google Maps and use the Streetview feature to explore each street in more detail.

Clue 01

Go to E9 7AD.

Search this romantically named road for where you can catch the no. 26. There's a white letter in a red circle here... There are ten possible suitors pictured on the left-hand side of this case file. Cross off the suitor whose first name starts with the letter you've identified.

Clue 02

Head to HU12 9AP.

Explore along the romantically linked road here. As you get towards the dead end, you can see a square, tall building.

Find out what it is, and you'll be able to eliminate the next suitor who's not for Val.

Clue 03

Visit EC1N 8SJ.

Examine this tragically named yard for evidence.

Eliminate the one from Switzerland. His skills don't lie in woodwork, so he's not a good match for Val.

Clue 04

Relocate to CV37 7QS.

Pay attention here, Detectives! Don't get hung up on the Lane - you need to find the WAY. Locate the main entrance gates to Kissing Tree House. A possible suitor lives opposite at The ?? House. Identify them and cross them off.

Clue 05

Pop along to SS3 0AX.

Ok, let's cut to the Chase. Where you can go no further, be careful!

Zoom in to identify the word above 'Range'. The first three letters will allow you to identify another one of the suitors who has nothing to do with this case.

Clue 06

Go to TR10 9LQ.

This street for new couples needs examining.

Near The Glebe Cemetery entrance, look around for what follows 140. The letters are the initials of a person you can safely eliminate from this investigation.

Clue 07

Head to KT9 2RN.

You need to hover above for this one. To the South-East of this romantically named school, what comes between 'Field' and 'Tedder'?

Your answer will reveal another suitor's surname that you can dismiss.

Clue 08

Pay a visit to PE12 9WB.

Like the start of a love letter! Explore this road - a suitor is trying to hide (rather badly). The disguise is big and near two green cylinders! Say what you see after RGB aloud. It rhymes with the name of the suitor who's hiding as he isn't interested in Val.

Clue 09

Finish off at AB43 9AT.

This romantically named lane is one-way, so make sure you're going in the right direction to follow these directions: L at the end, first R, next L. Slip right in front of Moray East. Search this area for FR143. The final unsuitable suitor will reveal himself.

Case Solved

Great work! If you've solved all nine clues, you'll have one suitor remaining. All that's left to do is let Val know who has stolen her heart! Submit your answer online so we can finally unite the couple:
