

Designed For the Irrigation Professional

Rain Bird has built a better valve box.

Strength and Stability

- Multiple sizes and shapes are designed with corrugated sides and wide flange bases for maximum durability, compression strength and stability.

Smart Lid Design

- Designed with no holes to keep out pests, beveled edges to minimize damage potential from turf equipment, and for easy hand and shovel access.

Flexible Installations

- Interlocking stacking capabilities, extension models and pipe hole knockouts support deeper and flexible installations.

Environmentally Friendly

- Earth-friendly, LEED-compliant material made of 100% recycled materials (black boxes and black lids only).

Rain Bird® Valve Box Patented Features

Knock-outs are easily removed.

Reattach the knock-outs to keep out backfill dirt.

Interlock two valve boxes for deeper installations.

Anatomy of a Better Box

MULTIPLE SIZES AND SHAPES

make it easy to choose the right boxes for the job.
