

D8 Bluetooth and CarPlay Troubleshooting

If Bluetooth is not connecting, make sure you have the included Bluetooth WiFi antenna connected to the “WIFI BT” connection on the back of the Dynavin.

BT WiFi Antenna

If the Bluetooth WiFi antenna is connected to the back of the Dynavin and Bluetooth IS working but CarPlay won't connect, contact us at support@DynavinNorthAmerica.com

If Bluetooth IS working and CarPlay will connect but the connection is unstable (i.e. audio cuts out), contact us at support@DynavinNorthAmerica.com
