## Furniture For Growing Minds

At Fern Kids, we are a team of uncles and dads who are passionate about creating eco-friendly and child-friendly furniture that inspires learning and growth.

We use sustainably sourced Baltic birch and child-friendly finishing, and our products are FSC Certified and CARB compliant. We are committed to promoting sustainable practices and materials, and we strive to make a positive impact on the world by empowering children to learn and play in natural and healthy environments.

Fern Kids are based in Ontario, Canada, where we design and manufacture our products with care and attention to detail.
